

UTSA® Engineering

Honors

The College of Engineering Designates Outstanding Students as

College Honors Students

College Honor Students:

- ✚ Have the opportunity for advanced study under close supervision of faculty
- ✚ Receive the distinction of **College of Engineering Honors** printed on their transcripts upon graduation.

Student eligibility criteria:

- ✚ A minimum overall grade-point average of 3.25 at UTSA
- ✚ A minimum grade-point average of 3.25 in courses in their major at UTSA.
- ✚ In order to receive the designation, a student must:
 - Have a *supervising* committee of two COE faculty, one serving as the Supervising professor;
 - Enroll in a minimum of (3) SCH of *EGR4993 Honors Research* (may be repeated one time) during their final two semesters at UTSA;
 - Complete a research project and write an honors thesis;
 - Obtain the approvals of your faculty advisor, supervising committee, and the college honors committee.
